You can look for in-network providers here: <https://www.guardiananytime.com/fpapp/FPWeb/>
Even if your dentist is NOT in network, this plan will reimburse the dentist according to the benefits shown here 90% of the time! If your dentist is amongst the most expensive 10% of dentists in the area, you may have to pay slightly more than what is on this benefit summary. With this plan, you can think of almost every dentist as “in network”.

There is also a “rollover” feature that if you do not use your maximum benefit, your max benefit will be increased a bit for the following year: <https://www.guardianlife.com/dental-insurance/rollover>
